Chemerys, Ruth has shared OneDrive for Business files with you. To view them, click the links below.

 no_less_stringent Preamble_v3 7-10-20.docx

 not less stringent reg language_v1.docx

<!--[endif]-->

Here is a clean version of the preamble except for the bubbles. I think now that I've looked again, Stef did address at least one of the comments.

I attached the Sharepoint version and word version in case you can't get to Sharepoint.

I'm now wondering if we discussed the reg language – I do see some comments from Mindy and Simma – so I've attached that too.

Ruth
